Zhar Ptiza

Strategic communication, marketing and digital services agency

Our obsession is to find the perfect communication framework that will grow a strong connection between your message and its key audience, on every channel.

Zhar Ptiza is a strategic communications, marketing, and digital services agency.

We exist to help create a world where people understand each other better. That is **our mission**.

We believe in a future in which people, organizations, and companies communicate more fundamentally, with more empathy, and with more passion. That is **our vision**.

We will achieve that future if good wins more often. And good usually wins in stories. That's why we share with people, organizations, and companies the wisdom of finding the right story and the art of sharing the story in the right way. If we create a world where true stories are shared, we will create a world where good wins. That is **our goal**.

We also believe that in the end, and not only in stories, what is good, of quality, and honest, will always find its way, will come to light, and will stand out. It will win. That's why **"Good Wins" is our motto**.

Zhar Ptiza

Strategic communication, marketing and digital services agency

Our obsession is to find the perfect communication framework that will grow a strong connection between your message and its key audience, on every channel.

Zhar Ptiza specializes in socially responsible projects and initiatives, with a primary focus on collaborating with the civil society sector in the West Balkan region. We have successfully partnered with organizations such as USAID, GIZ, FES, EBRD, BCSDN - Balkan Civil Society Development Network, IDSCS - Institute for democracy "Societas Civilis", Gender Equality Alliance, as well as WFD to develop and implement impactful communication strategies. These projects address critical topics such as advocacy, inclusion, and sustainability, showcasing our ability to create meaningful campaigns that resonate with diverse audiences. Leveraging a wide range of marketing tools and tactics—including social media marketing, digital advertising, PR, creative storytelling, content development, design for web and print, market research, email marketing, and video production—we ensure evident and measurable success.

Our multilingual team, fluent in all Western Balkans languages, seamlessly adapts to the cultural and linguistic nuances of the region, further strengthening the effectiveness of our campaigns.

Our team at Zhar Ptiza comprises more than 20 skilled partners specializing in diverse marketing segments, including marketing strategy, graphic and web design, production, distribution, public relations, and advertising. With such expertise, we guarantee successful project delivery and provide a fully customized approach tailored to the specific needs of each client.

We eagerly anticipate every collaboration, as it represents another chapter in our story where goodness prevails.

Sincerely,

Zhar Ptiza

**Client: Gender Equality Alliance****Keep the Doors open**

The "Open the Doors" campaign, created for the Gender Equality Alliance (GEA), aimed to spark a conversation about gender equality and inclusion by addressing systemic barriers that women face in society. Through compelling storytelling, innovative video production, and strategic messaging, the campaign resonated widely, gaining over 300,000 organic views across social media platforms .

[View Case Study.](#)**Client: Gender Equality Alliance****Women's Day Video Campaign**

The International Women's Day campaign for the Gender Equality Alliance (GEA) addressed workplace inequality by highlighting the superficiality of traditional celebrations. Through a short film set in a typical workplace, the narrative used engaging dialogues and a clever punchline to challenge customary gifts, such as flowers and symbolic pots, which often mask ongoing injustices. The campaign extended beyond the video by sending branded pots and letters to major employers nationwide, encouraging meaningful discussions on gender-based issues.

**Client: Hera****Sexual Education Campaign & Resource Platform for Parents**

The campaign, developed for H.E.R.A., aims to empower parents in North Macedonia to engage in informed discussions about sexual education with their children. The project features a comprehensive seven-part video series, each corresponding to a chapter from the sexual education curriculum, presented by local experts in education, psychology, and health.

[View Case Study.](#)**Client: Grouper****Smart Spending Campaign**

In response to concurrent energy, economic, and financial crises, Zhar Ptiza collaborated with Grouper to develop the "Smart Spending" campaign, aiming to revitalize brand awareness, boost website traffic, and encourage consumer spending despite widespread saving behaviors. The campaign introduced the slogan "Save on everything, but not on yourself," promoting the idea that consumers could continue enjoying personal indulgences affordably through Grouper's deals.

**Client: IDSCS (Institute for Democracy)****Data Storytelling on Foreign Direct Investment & Corrosive Capital**

In order to make the complex topic of FDI more accessible to the public we combined IDSCS's in-depth knowledge with our expertise in data storytelling, to develop an interactive dashboard that transformed static data into an intuitive tool for exploring FDI trends in the Western Balkans. The dashboard gained significant attention, featured on multiple television programs.

[View Case Study.](#)**Client: Berlin Process Parliamentary Dialogue****Complete Branding and Design of Print and Digital Materials**

We developed a comprehensive visual identity for the Berlin Process Parliamentary Dialogue, a diplomatic initiative aimed at regional cooperation and enhanced parliamentary dialogue among Southeast European countries. Through extensive stakeholder engagement and research, we identified key themes of unity, dialogue, progress, and collaboration. These themes were embodied in a cohesive visual language featuring a vibrant color palette and a modern, clean typeface.

**Client: IDSCS (Institute for Democracy)****Design Support for Anti-Corruption Project**

Zhar Ptiza provided design support for the Anti-Corruption Project by the Institute for Democracy “Societas Civilis” - Skopje, focused on promoting the Reagiraj platform—a web application for reporting corruption. Our work included creating visually compelling designs for digital and print materials, social media assets, and user-focused promotional content to raise awareness about the platform.

**Client: Berlin Process Parliamentary Dialogue****Short Video Reels from Project Events**

Zhar Ptiza created short video reels for the Berlin Process Parliamentary Dialogue project, capturing key moments and highlights from various events. These reels were designed to showcase the project's milestones, promote its objectives, and engage audiences across digital platforms.

**Client: IDSCS (Institute for Democracy)****Bar Chart Race Animation**

We created a dynamic bar chart race animation, illustrating the evolution of Foreign Direct Investments (FDI) in North Macedonia over the years. This engaging visual tool used animated bars to depict the changing levels of investment across sectors and time, making complex economic data intuitive and accessible to a broad audience.

[View Case Study.](#)**Client: IDSCS (Institute for Democracy)****PR Services**

Zhar Ptiza provided comprehensive PR services for the Institute for Democracy “Societas Civilis” - Skopje (IDSCS), supporting their initiatives with strategic media engagement. Our services included crafting compelling media releases to effectively communicate IDSCS's key messages, managing media buying to ensure optimal coverage, and cultivating strong relationships with journalists and media outlets.

**Client: BCSDN - Balkan Civil Society Development Network****Digitalization and Data Visualization of Reports**

Zhar Ptiza partnered with the Balkan Civil Society Development Network (BCSDN) to modernize the Monitoring Matrix report, an annual evaluation of the enabling environment for civil society in the Western Balkans. Traditionally published as a textual report, we digitized the data collection process and transformed the findings into an intuitive, interactive Power BI dashboard.

Zhar Ptiza developed a Guide for Communication for NGOs, offering five essential rules for improving communication strategies. Designed for civil organizations, informal groups, and nonprofit associations, the guide provides practical insights to help organizations refine their efforts to inform and engage the public effectively. By focusing on relatable and actionable advice, the guide empowers NGOs to enhance their visibility, build stronger connections with their audiences, and achieve their advocacy goals.

Understanding WFD's Needs

At Zhar Ptiza, we understand that Westminster Foundation for Democracy (WFD) seeks reliable and skilled partners to enhance its communication efforts, showcasing the importance, value, and impact of its work. This includes producing compelling designs, engaging written content, and impactful videos that align with WFD's mission of supporting democracy, inclusion, and accountability worldwide.

With our extensive experience working with civil society organizations, NGOs, and foundations, we are uniquely positioned to provide tailored solutions that translate complex concepts into accessible and relatable communication products. Our proven expertise in the Western Balkans and CEFTA region further strengthens our ability to deliver culturally sensitive and contextually relevant materials.

Our Tailored Approach

To meet WFD's requirements across design, copywriting, and video production, we employ a comprehensive and structured process:

1. Alignment Meeting

- We start with a detailed meeting to understand WFD's needs, priorities, and vision.
- This ensures alignment on objectives and sets a foundation for collaboration.

2. Goal Definition

- Specific goals are defined using the SMART methodology, ensuring clarity, measurability, and accountability.
- A detailed timeline of activities is agreed upon to track progress and ensure timely delivery.

3. In-Depth Research and Analysis

- We conduct thorough research using materials provided by WFD and independent sources.
- This step ensures we fully understand the topic, its challenges, and opportunities for impactful communication.

4. Target Group Exploration

- Audience profiles are explored and confirmed with WFD, ensuring materials are tailored to resonate with specific groups.

5. Creative Development

- We develop creative concepts, mood boards, and storylines that define the project's aesthetics and messaging.
- Channels and mediums for dissemination are carefully chosen to maximize reach and engagement.

6. Execution

- Design: We create visually compelling and brand-aligned materials for digital and print use, including reports, social media assets, and event visuals.
- Copywriting: We craft clear, engaging content that translates technical language into accessible narratives, from press releases to long-form articles.
- Video Production: We produce high-quality videos, ensuring consistency with WFD's brand and incorporating subtitles, graphics, and engaging storytelling.
- All deliverables are subjected to rigorous quality checks before submission.

7. Tracking and Optimization

- We monitor the performance of materials and campaigns, optimizing strategies based on feedback and results.

8. Reporting

- Our reports are action-driven and data-based, providing WFD with clear insights for decision-making.

9. Dedicated Team and Tools

- Team: Each project is led by a dedicated project manager and creative director, ensuring smooth execution and coordination. Our team of highly experienced senior professionals is self-driven and takes strong project ownership, minimizing WFD's obligations and streamlining workflows.
- Tools and Technology: We are fully acquainted with all relevant technologies and methodologies, which we use daily in our work. Our team is highly proficient in leveraging these tools to deliver high-quality and innovative products that meet and exceed client expectations. This expertise ensures efficiency, precision, and creativity in every project we undertake.

10. Key Advantages

- **Expertise in Civil Society Communication:**

Our experience working with organizations like IDSCS, BCSDN, and GEA equips us to handle complex, sensitive topics effectively.

- **Simplifying Complexity:**

We excel at translating complicated concepts into engaging, relatable communication products for diverse audiences.

- **Cultural and Linguistic Fluency:**

With native proficiency in all Balkans languages and highest level of fluency in English, we ensure that all materials are culturally relevant and linguistically accurate.

- **Proactive and Efficient:**

Our team's self-driven nature ensures timely delivery and seamless execution, reducing touchpoints for WFD.

- **Exceptional Value:**

Based in the Western Balkans, we provide top-tier expertise and quality, ensuring our clients benefit from a cost-effective approach without compromising on excellence.

**Marko Troshanovski, President,
IDSCS**

"Working with Zhar Ptiza on multiple projects, including our in-depth analysis of foreign direct investments (FDI), has consistently demonstrated their exceptional capability and professionalism. The Zhar Ptiza team's expertise in data visualization and strategic communication has brought a new level of clarity and impact to our research, enabling us to present complex data in accessible and engaging ways. Their creative solutions have not only improved our analytical presentations but have also enhanced our engagements with diverse stakeholders. We value our ongoing partnership with Zhar Ptiza and highly recommend their services for any organization looking to elevate their communication and data interpretation strategies."

**Marija Ristovska, Executive Director,
Gender Equality Alliance**

The collaboration with Zhar Ptiza in the area of strategic communications stood out from other collaborations of a similar type in efficiency, precision as well as the essential input we received from them that helped us greatly to improve the distribution of our messages in accordance with the current habits of the audience that dynamically are changing. It was very important for us to have a dedicated partner who has a wide range of expertise and understands the context in which our Institute operates. It brought us better results in the distribution of messages, in the presentation of deliverables, but also saved us a lot of energy in terms of aligning goals and coordinating efforts in the area of communications. I would highly recommend them to institutions that need strategic communications and adapting their messages to new digital channels and audience habits.

**Simona Mladenovska,
Policy and Advocacy Officer, BCSDN**

Working with Zhar Ptiza on the Monitoring Matrix project was an exceptional experience. Their innovative approach to digitizing our annual report and creating an interactive Power BI dashboard transformed the way we present and analyze data. The team's ability to translate complex information into an intuitive and visually engaging tool was invaluable, making the Monitoring Matrix more accessible and impactful for our stakeholders. Their professionalism, creativity, and deep understanding of civil society dynamics made them an ideal partner for this project.

**Milka Dokuzovska, Project Lead,
We for Animal Welfare**

Collaborating with Zhar Ptiza on the development and design of our website was a seamless and rewarding experience. They demonstrated an exceptional ability to understand our organization's needs and translate complex concepts about animal welfare into clear and engaging communication products for a wider audience. Their creative approach, professionalism, and dedication to delivering high-quality results truly set them apart. The final product exceeded our expectations and significantly enhanced our ability to reach and engage with our stakeholders.

"Working with Zhar Ptiza on the Roditelska.mk campaign was a remarkable journey. Their team's creativity and expertise were pivotal in developing a series of seven engaging videos that significantly enhanced our messaging and outreach. Each video was meticulously crafted, capturing the essence of our mission and connecting deeply with our audience. Zhar Ptiza's strategic approach and relentless dedication played a crucial role in the success of our campaign. We value their partnership immensely and recommend their services to any entity seeking to make a profound impact through innovative communication strategies."
